By written request for funding dated October 26, 2007, Thayer County, Hebron, Nebraska seeks funding from the Enhanced Wireless 911 Fund for expenses of implementing and providing Phase I enhanced wireless 911 service related to Alltel Wireless. Thayer County has one public safety answering point (PSAP), which will provide enhanced wireless 911 service throughout Thayer County. The local exchange carrier serving Thayer County's PSAP is Windstream.

Thayer County entered into a service agreement with Windstream for enhanced wireless 911 equipment and services. A copy of the agreement has been provided. In the agreement, Thayer County authorized the Commission to remit all payments for enhanced wireless 911 service to Windstream.

Thayer County seeks initial costs and recurring costs to implement and provide enhanced wireless 911 service for Alltel Wireless as outlined in Appendix A, attached hereto. Initial costs are for database upgrades, trunking infrastructure and purchase, installation, and testing of circuits for enhanced wireless 911. Recurring costs are monthly fees for database management and for operation and maintenance of trunks and circuits.

Thayer County has submitted a PSAP registration in compliance with Commission Docket 911-001. Implementation was complete on November 13, 2007.

Information set forth in Appendix A shall be treated as proprietary and confidential.
